

AWARDS
AND
LETTERS
OF
COMMENDATION

Award of the Air Medal

By direction of the President, Air Medals were awarded by the Commanding General, United States Army Forces in the South Pacific Area, to several officers and enlisted men of Headquarters Squadron for meritorious achievement while participating in sustained aerial flights on transport missions. These flights were performed in combat areas where there was a possibility of enemy interception. Their services reflect great credit on the Army Air Forces.

REAR ECHELON
42ND BOMBARDMENT GROUP (M)
APO 502

20 October 1943

Subject: Commendation

To: Commanding Officer, 13th Air Depot, APO 502—ATTENTION—ENGINEERING OFFICER.

1. The undersigned desires to take this opportunity to express his appreciation for the recent priority work completed on four B-25 airplanes assigned to this organization.

2. On Friday, 15 October 1943, information was received by this headquarters that a certain number of B-25s were needed in the combat zone with semi-modification by a specific date. These airplanes were not on hand. An emergency call was placed to your office describing the work needed and requesting it be accomplished. The airplanes were delivered to the 13th Air Depot that day and returned to us, work completed, *seventy-two, (72), hours* later.

3. It is regretted that security measures prohibit the publication of the circumstances behind this story; however it may be revealed that these airplanes are now in combat with the enemy, a fact which would not have been possible had it not been for your cooperation and the splendid work performed by every man connected with the project.

GUY L. HUDSON, JR.,
Lieutenant Colonel, Air Corps,
Commanding.

ROYAL NEW ZEALAND AIR FORCE
HEADQUARTERS, SERVICES OF SUPPLY
APO #502

December 18, 1943

Commanding Officer,
13th Air Depot,
APO #502

On behalf of the Royal New Zealand Air Force, the writer wishes to extend to you and your staff all best wishes for the festive season, and for further and rapid progress towards final victory in the coming year.

I cannot let this opportunity pass without expressing the most sincere appreciation for all the courtesies and co-operation we have received from you in all our dealings during the past year. It has been largely due to this that the work has developed into a very straight-forward and routine supply, which has been quite a factor in our operations in the combat zone.

The writer would be pleased if you would extend these appreciations to the members of your staff.

Squadron Leader
Officer Commanding
R.N.Z.A.F. Port Depot
APO #502

AIRCRAFT ENGINE OVERHAUL BASE
NAVY ONE THREE ONE (131)
FLEET POST OFFICE
SAN FRANCISCO, CALIFORNIA

25 February 1944

From: Commanding Officer
To: Commanding Officer, 13th Air Depot
Subject: Army and Navy cooperation—comment on.

1. This command wishes to acknowledge with gratification and appreciation the courtesy and cooperation extended to the officers and personnel of this base by the officers and personnel of the 13th Air Depot, when the inadequacy of our own equipment made it necessary to use your facilities, principally the cylinder honing equipment.

2. This close cooperation and coordination during the past several months has been extremely beneficial toward maintaining the overhaul schedule of this base.

s/ S. B. Perreault
t/ S. B. Perreault
Lieut. Comdr. U. S. Navy

HEADQUARTERS
65TH SERVICE SQUADRON
6TH SERVICE GROUP (AIR)
APO 706-1

10 February 1944

Subject: Letter of Appreciation

To: Commanding General, XIII Air Force Service Command,
APO 719. (Through Channels)

1. The undersigned wishes to convey his thanks and gratitude to Major Frank, Port Air Officer, and his assistant Sgt. W. H. Osterholtz, 34268087, 13th Intransit Warehouse, 13th Air Depot Group, APO 502, for their untiring efforts in assisting WO William D. Morgan, of this unit, in arranging shipment and loading of Rear Echelon vehicles for this unit, which reached us in excellent condition.

2. It has been reported by WO Morgan that the above officer and enlisted man assisted him beyond their normal duty status, which is very commendable and highly appreciated by this officer and organization.

/s/ Glen A. Kime
/t/ GLEN A. KIME
Major, Air Corps
Commanding

69TH BOMBARDMENT SQUADRON (M)
42ND BOMBARDMENT GROUP (M)
A.P.O. 502

6 August 1943

Subject: Recognition of work well done.

To: C.O. 13th Air Depot, A.P.O. #502.

1. We (69th) would like this opportunity of expressing our gratitude to the officers and men of the 13th Depot for their commendable work in the modification of our aircraft. It is our wish that they share the success we enjoyed employing the ships modified at 13TH AIR DEPOT.

2. Those modified ships have sunk one enemy light cruiser, three destroyers, two transports and several cargo barges. They have also damaged three destroyers and a large transport, some of which were later destroyed by other aircraft.

3. It is desired that each individual concerned feel himself instrumental in the success achieved by these aircraft.

4. We repeat our thanks and look forward to many more successes with *your* aircraft.

s/ Charles W. Brown
/t/ CHARLES W. BROWN
Captain, AAF
Operations Officer

HEADQUARTERS USAFISPA
APO 502

12 August 1943

Subject: Commendation.

To: The Commanding Officer, 13th Air Depot, APO 502.

Thru: The Commanding General, XIII Air Force, APO 719.

1. Recent operations required that certain flame throwers be altered so that they could be used in a manner for which they were not designed. The problem was explained to you and members of your staff. By working night and day you were able to improvise the needed alterations in the very short time available, and thus make a very real contribution to the effectiveness of our forces.

2. This action reflects great credit on the efficiency and versatility of your staff and shows a very commendable spirit of cooperation toward other elements of this command.

By command of Lieutenant General Harmon:

/s/ J. M. Glasgow
/t/ J. M. GLASGOW
Col., A.G.D.
Adjutant General

SPORTS

SPORTS

Sports and Recreation

IT WAS very evident when we stumbled down the gang plank that in this land of Niaoulis and Kanakas entertainment as we knew it back home was just a fond memory—in the vernacular “fini.” It was a matter of providing your own recreation or doing without. All of the fellows became good providers and our chief source of whiling away our leisure hours was through the medium of active participation in sports. In the months to follow Headquarters Squadron demonstrated that its spirit and cooperation extended beyond the offices, work shops, hangars and laboratories into the field of athletics. Versatility was the keynote as our organization was represented in various leagues including baseball, basketball, volleyball and softball.

The baseball team completed the season with an impressive record of 15 games won and 10 games lost. This scrappy outfit won the championship of the first 13th Air Depot Baseball League. Tom Hobbs played the stellar role. As a result of their winning the title, the fellows indulged in appropriate merry-making at “Henri’s.” The banquet and general hilarity brought this phase of our athletics to a fitting climax.

Probably the most outstanding team to represent the Squadron was in basketball. Paced by Joe Scarpelli, this aggregation really “turned on the heat” and ran up 23 wins against one loss. Many teams from all over the island were smothered by the fast break, classy ball handling, and sharp-shooting of these boys.

After getting off to a slow start, the volleyball team began to click smoothly. The result—two wins and two losses. Jack Hinds proved to be one of the outstanding performers in league competition.

Softball was very popular in Headquarters and many spirited intra-squadron games were played. The team representing our organization in the league played a fine brand of ball and at this writing the records show a record of five won and three lost. Ably managed by Frank A. Maruca and featuring a well balanced club, this outfit should go on to compile a very creditable average.

In individual sports the Squadron had one participant, Alex Brodsky, “The Brooklyn Mauler.” Alex won a clean cut decision over a soldier from the Engineers in one of the feature boxing bouts at the Red Cross. Sporting a fine left hand and clever foot work, Brodsky punched his way to fame and fortune—one case of warm beer.

Athletics were truly a splendid morale builder and taking into consideration the participants, managers, and loyal rooters, a great number of the Squadron were affected by this program. Keen interest, clean fun, friendly competition and a fine spirit of cooperation and team-play have gone far to improve the general welfare of the 13th Depot Headquarters and Headquarters Squadron.

In addition to athletics many other activities occupied the leisure time of the men of the Squadron, namely: religious, library, fishing, swimming and a variety show.

A great majority of the fellows were engaged in the religious activities. Whenever Church Services were being conducted you would always find Headquarters Squadron well represented in the congregation. Clyde Munn, the Chaplain’s assistant, and George Behary, mainstay of the choir, brought much credit to themselves and the organization by their unceasing devotion to the church and that for which it stands. Chaplains McLeroy and Burke contributed much to make our spiritual life what it should be.

Our cultural and intellectual life did not suffer from neglect. The Depot Library was staffed by Headquarters Squadron personnel, Lt. Paterson and Clyde Munn. The best-selling novels and the most popular magazines were made available to everyone. In conjunction with this phase of endeavor we find the "Cats Meow," the weekly publication of the Depot.

"Doc" Wiggins was the editor of this newspaper and his untiring energy brought fine results. Each edition was read with great interest. Academic classes were also conducted in the Library for those who wished to supplement their knowledge.

Many enjoyable fishing parties were held aboard the "Elmer" and the "Black Cat." These sturdy craft darted among the small off-shore islands and glided over the coral reefs in a manner that would make the proverbial Ancient Mariner stare in amazement. Generally good luck was experienced by all. Large catches were common. Those golden brown fried fish certainly tasted like more to all the boys at the Squadron Mess.

Perhaps swimming provided the greatest pleasure for the most men in the outfit. The swimming hole in the Tontouta River left nothing to be desired (well, almost nothing). That clear, cool water was just what the doctor ordered after a busy day or during those tropical heat waves. On Sunday afternoons it was not unusual to see several vehicles jammed to overflowing with Headquarters men going to the river. The mattress-cover water-wing trick was always popular and the diving board was always in use. Here was truly an ideal spot.

During those rugged days of the first eight months we were here, our entertainment was sadly lacking so the initiative and showmanship of Headquarters came to the front. "Larry" Dysart and "Bubba" Walker produced a variety show featuring talent from our Squadron. The show was a tremendous success, appearing at various hospitals and organizations on the island. Again Headquarters and Headquarters Squadron displayed its customary pride in a job well done.

Many of the men were hunting enthusiasts. Neither the mountains nor the wooded valleys could shield the deer from the eagle eyes of our "Daniel Boones," Baucum, Hobbs, Maruca, Scarpelli, all had good luck in bringing home some large deer. That deer steak and stew helped the fresh meat situation immensely.

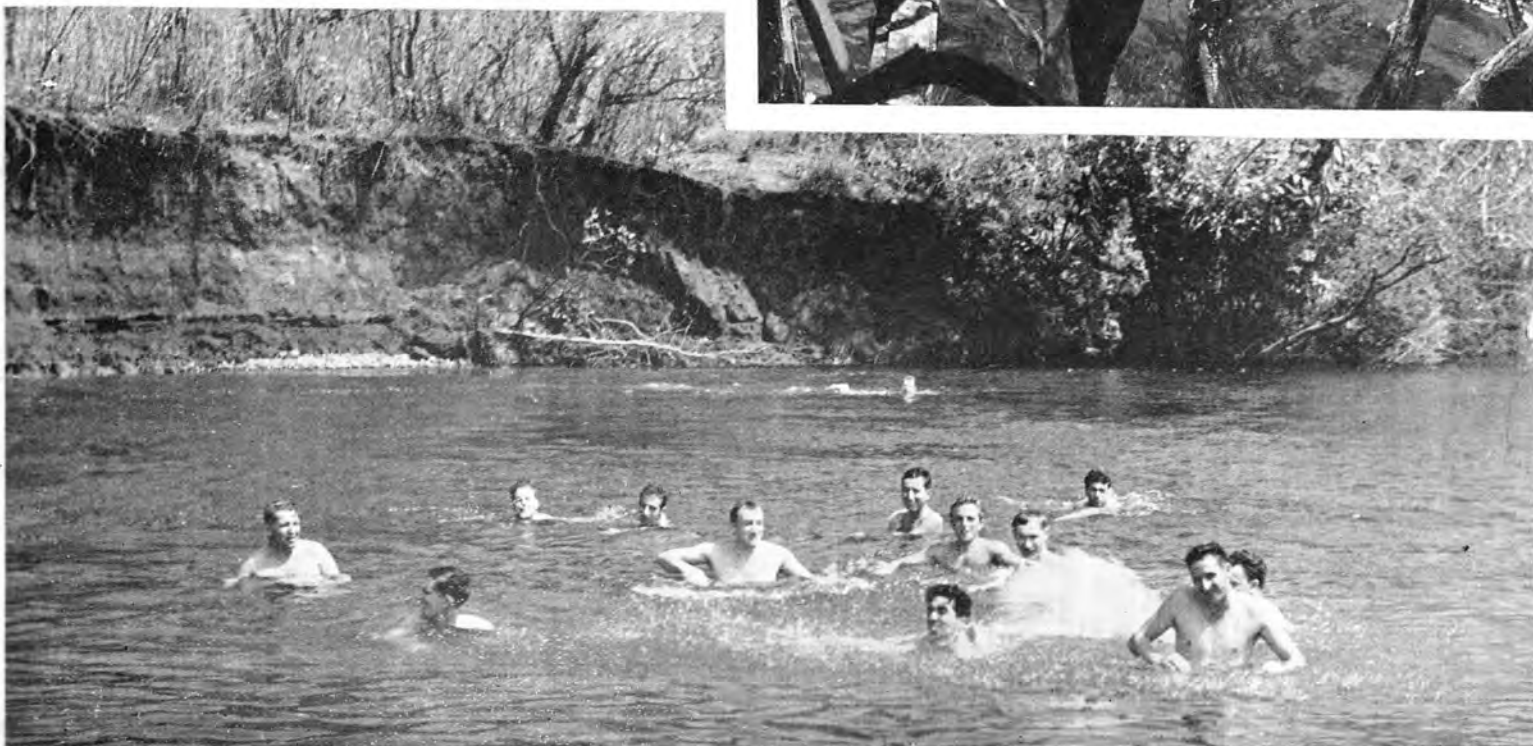

Social activities were never lacking in Headquarters Squadron as many enjoyable parties were attended by all. A custom was inaugurated by having a little entertainment in the mess hall after our holiday meals. On Christmas, Easter, Thanksgiving and New Year's Day, the dinners were most excellent. Everyone had as fine a menu as could be found any place in the states. Then the men would join in some group singing, individual skits and general merry-making. The various athletic teams had dinner parties and small groups of fellows would have beach parties and private banquets. The entire organization gathered at Golden Grain Park to participate in the Depot Group picnic. The main bill of fare was a liquid diet, namely beer. Sandwiches were prepared by our cooks.

During the cool evenings our recreation hall was the center of Squadron activity. In one end of the room were the ping-pong fans and in the other were the poker players. The ping-pong table was never idle and in between games the men could listen to the radio nearby. Just after pay day the poker table was always busy but that was only for a few days. Soon someone would corner all the dough and a money order would be on the way home pronto.

Mail call in any man's army is the most popular time of the daily routine and Headquarters was no exception to the rule. "Goat" Owen's popularity would rise and wane according to the volume of incoming mail. While reading a letter from home a soldier forgot his surroundings and once again was carried back to the people and places he held dear. The value of mail to one overseas can never be expressed in mere words, you have to experience the feeling yourself. Hell nor high water can't keep a man away from mail call.
